

Instructions For Class Test

1. The class test will be conducted in person.
2. The class test is scheduled for February 18th, from 9.00 am. to 10.00 am.(60 minutes).
3. If there is a delay in officially starting the class test, don't worry. We will adjust the time accordingly to ensure you receive the full 100 minutes.
4. The exam will be conducted in three rooms (i.e. Yoko Ono Lennon Centre: Paul Brett Lecture Theatre, Chadwick Building, Rotblat Lecture Theatre and Brodie Tower, Lecture Room 106). I will put up a list in Canvas, where you can find your room number. Both the rooms are in Yoko Ono Lennon Centre.
5. Students with a support plan will be seated in BROD-106: Brodie Tower, Lecture Room 106. If any student has not yet informed me about their support plan, please do so as soon as possible.
6. Please write your student id and course name (COMP337/527) in the OMR sheet.
7. The question paper contains only multiple-choice questions (MCQs). There will be 20 MCQs in total. Each multiple-choice question (MCQ) may carry a different number of marks.
8. Each question will have four answer options, and you must select one correct option. Mark your answer on the OMR sheet by filling in the corresponding circle. Use a HB pencil to mark the computer answer sheet and if you change your mind be sure to erase the mark you have made. You may then mark the alternative answer. For example, if the correct answer for Question 1 is 'D', you should fill in the corresponding circle on the OMR sheet as shown below.
